FELL FROM HIS HORSE.

President Alights on His Back and is Slightly Injured.

Oyster Bay, N. Y., July 25.—It was learned Sunday that President Roosevelt met with a painful accident here Wednesday by being thrown from his horse and he himself as well as his friends realize that the injury received could have been more serious, if not fatal.

President Roosevelt is congratulating himself that he was fortunate in escaping with only a slight blow on the back of his head.

The President and Mrs. Roosevelt were out riding when the horse he was riding stumbled over a stone and the animal fell to its knees. The affair came so suddenly that Mr. Roosevelt was thrown with full force over the horse's head, alighting in the road on the back of his head.

COLORADO POSTMASTERS.

They Are Charged With Assisting in Deporting Striking Miners.

Denver, Col., July 25.—Secretary Haywood of the Western Federation of Miners has forwarded a telegram to President Roosevelt stating that Postmaster F. M. Heaton, of Victor, is one of the members of the committee which he says is responsible for deporting miners from the Cripple Creek district, and asking that steps be taken to prevent officeholders from taking part in such demonstrations.

Complaints have also been made to the president against Postmaster Sullivan, of Cripple Creek, alleging that they have permitted mail sent to union sympathizers to be opened and mutilated.

LINCOLN REPUBLICAN PARTY.

D. T. Washington Will Be Asked to Become Its Presidential Candidate.

St. Louis, July 26.—A committee appointed Monday by the national convention of the Lincoln republican party to investigate Booker T. Washington, J. Milton Turner and Bishop H. M. Turner to ascertain which one of them would consent to become a candidate for president of the United States on the Lincoln republican ticket. A national committee was also appointed with E. P. Penn, of Richmond, Va., as chairman.

FLYING TWO FLAGS.

The River Steamer Henry Hanley Arrives in St. Louis.

St. Louis, July 25.—The steamer Henry Hanley has arrived here from Nashville, Tenn., flying two flags, the Stars and Stripes and the confederate flag. Before leaving Nashville a confederate flag was brought on board and Miss Nannie Hanley, daughter of one of the steamer's owners, hoisted the flag, which is placed just below the American flag. Miss Hanley's father was a confederate officer.

BATTLESHIP OHIO.

The Vessel Given a Successful Preliminary Speed Trial.

San Francisco, July 26.—The battleship Ohio, which was built by the Union Iron works of this city, was given a preliminary speed trial Monday in the bay. FIGHT TO A FINISH.

All the Allied Trades Unions With the Exception of Two Quit Work.

THE TEAMSTERS AND ENGINEERS.

What Promises to be One of the Hottest Fights Between Capital and Labor is Now On.

Efforts of Teamsters' Union to Settle the Trouble Failed and They and the Stationary Engineers Will Join the Strikers.

Chicago, July 26.—With all peace negotiations broken off and with all the allied trades unions employed at the different plants, with the exception of the teamsters and the stationary engineers, out on strike in sympathy with the butcher workers who quit work two weeks ago, the stock yards strike Monday night had settled down to what promises to be one of the hottest fights between capital and labor in the history of America. As has been threatened for some time, the allied trades employed in the packing industry quit work when called on Monday to assist the striking butchers in their efforts to bring the packers to terms. In several instances the men did not wait for the official notification from their leaders to go on strike, but threw down their tools and quit work of their own accord.

At 6 o'clock Monday night the statement was made by Michael J. Donnelly, president of the Butchers' union, that every union man employed at the stock yards with the exception of the teamsters and engineers, had responded to orders for a general sympathetic strike. The engineers, he declared, would join the others Tuesday morning, and unless there was speedy settlement of the difficulty, he said the teamsters would undoubtedly join their brother workmen in their struggle for supremacy. According to Mr. Donnelly, Monday's strike swelled the number of men who have quit work at the stock yards in Chicago alone to nearly 30,000 persons. He said that the controversy declared Monday night that they were perfectly satisfied with the present state of affairs and that they were willing to make a fight to a finish to determine who shall dictate the terms of a settlement.

A new phase of the strike situation developed late Monday afternoon when notice was given by the unions to the independent packers at the stock yards that their men would not be allowed to handle animals which had been brought into the yards or handled in any way by non-union men. It is necessary for these independent concerns to take all of their live stock into their yards, and the union stock yards runways, where the stock must be handled by non-union men, since the union-men employed by the stock yards company in this line of work were among the employees who joined the sympathetic strike Monday. The ultimatum of the unions leaves the independent packers no alternative but to receive their live stock directly from the country or else close down business entirely. A meeting of the independent packers was held Monday night to map out some plan of action, but no definite conclusion was reported. Another meeting will be held Tuesday to further consider the matter.

Before peace negotiations had been entirely broken off Monday, representatives of the teamsters' union, as had been agreed on Sunday night, were in conference with the packers in an effort to arrange some sort of a settlement which would prevent a spread of the strike. At this meeting the packers were asked to concede that the first peace agreement, signed last Wednesday, which was later repudiated by the strikers when a second strike was called, be considered null and void and that the packers submit a new proposition for peace terms. The committee also notified the packers that the striking butchers would stand by last Saturday's demand, which was that all men be retained within ten days or their cases be submitted to immediate arbitration; all butchers and coming men to be taken back within 18 hours after work was resumed. No progress toward a settlement was made at the conference and the teamsters committee refused to consider a new proposition.

Immediately upon the return of the teamsters committee to their headquarters they entered into a conference with the representatives of the allied trades to consider a proposition submitted to the unions by the representatives of the packers. In the meeting between the teamsters and the packers, the latter offered to change the time of reinstating all the strikers from 45 to 35 days. They made no concessions other than this and this proposal was submitted to the allied trades committee. President Donnelly, of the Butchers' union, however, refused to consider the proposal and all hope of an immediate settlement was lost.

Night Was Hor-Terror.

"I would wish nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that I walked a block I would cough frightfully and spit blood, but when all other medicines failed, three \$1.00 bottles of Dr. King's New Discovery wholly cured me and I gained 15 pounds." It is really guaranteed to cure Coughs, Colds, La Grippe, Bronchitis and all throat and Lung Troubles. Price six and \$1.00. Trial bottles free at A. M. Hughes' Drug Store.

HEALTHY MOTHERS.

Mother should always keep in good bodily health. They owe it to their children. Yet it is no unusual sight to see a mother, with babe in arms, coughing violently and exhibiting all the symptoms of a consumptive tendency. And why should this dangerous condition exist, dangerous alike to mother and child, when Dr. Roschke's German Syrup would put a stop to it at once? No mother should be without this old and tried remedy in the house—for its timely use will promptly cure any lung, throat or bronchial trouble in herself or her children. The worst cough or cold can be speedily cured by German Syrup; so can hoarseness and congestion of the bronchial tubes. It makes expectoration easy, and gives instant relief and refreshing rest to the cough-racked consumptive. New trial bottles, 25¢; large size, 75¢. At all druggists. Louisa Drug Co.

FOR SALE:—One field of about 2 acres, suitable for building lots, adjoining streets and alleys, Low-Louisa.

A CONTINENTAL STRAIN.

Many men and women are constantly subjected to what they commonly term "a continental strain" because of some ill animal or family trouble. It wears and distresses them, both mentally and physically, affecting their nerves badly and, bringing on liver and kidney ailments, with the attendant evils of constipation, loss of appetite, sleeplessness, low vitality and despondency. They cannot, as a rule, get rid of this "continental strain," but they can remedy its local-destrating effects by taking frequent doses of Green's August-Fl. Weir. It tones up the liver, stimulates the kidneys, improves bodily functions, gives vigor and spirit to one's whole being, and eventually dispels the physical or mental distress caused by this "continental strain." Trial bottle of August-Fl. Weir, 25¢; regular size, 75¢. At all druggists. Louisa Drug Co.

Cured of Chronic Diarrhoea After Ten Years of Suffering.

"I wish to say in a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Matthe Hargis of Marshall, Va. "I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her the relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine. This remedy is for sale by A. M. Hughes.

The McClure Magazine Libel.

The editor of McClure's Magazine refused to publish an article from Judge McQuinn giving the facts as regards the conviction of Caleb Powers. The article was called forth by the distorted story written not long ago for McClure's by its man Adams. Probably no one is better acquainted with the facts in the case than Judge McQuinn, and a sense of justice and right ought to have impelled the editor of McClure's to publish the reply to Adams' distorted account. If the facts were known the McClure people would probably be paid by Powers' friends to publish the Adams story. The refusal to publish the McClure Magazine up in its proper light.

The magazine article opened with a statement that "Adams" was the son of a minister and a grandson of a minister, and intimating that for these reasons it would be impossible for him to lie.

The editor's knowledge of the rank falsity of the article is the only thing that could have prompted such an unusual preface. It was an outrage upon the two parent ministers (if they really exist) to drag their names into the article for the purpose of holding up the bloody hands of a prodigal son so brazenly engaged in such disreputable work.

BUSSEYVILLE.

There will be an ice cream festival here Saturday night of this week. A good time is expected. Every body invited.

Miss Minnie Handley, of Lockwood, is visiting her father, W. D. O'Neal, Sr.

Little Miss Effie Thompson is visiting Miss Ethel Pigg, at Yatesville.

John Thompson, our boss carpenter, is now engaged in building a barn of huge dimensions for Lee Garred.

James Grubb, a prominent sheep dealer of Yatesville, was here Monday, and purchased a nice lot of sheep of Thompson, Hays and Fugitt.

Thomas Burckett, of Deephole, was here Tuesday purchasing bogs for the Cincinnati market.

Blackberries are now ripe and the way the people are gathering them is no small sight.

Hay harvest is over, what is in the stack, oats will soon follow, corn all clean, and farmers are now enjoying the long-looked-for rest.

Itumor has it that E. J. Skaggs, who went to the Soldiers' Home from here last February, will return to his home on Rubin Fork of Lick creek.

A Most Remarkable Offer in Imported China-ware.

A Full Set of One Hundred Pieces for \$9.75.

SETS ARE FINELY DECORATED IN BLUE.

During a recent trip East one of our buyers chanced to get a small number of Dinnerware Sets of an exceptionally good quality at a very low price on the entire lot. They are made of high-grade English Dinnerware material, perfectly moulded and shaped; have an extra smooth surface and are highly glazed. A set that you would naturally expect to see sold for much more than the amount asked for in this particular instance.

Indeed, the opportunity to secure such first-class ware at such a low price is very rare. We have never been able to offer it before and perhaps never will be again. Right now is the time to get that new China you have wished for. Don't wait one day; come the first chance you get, for fear the small number will be all sold.

Resolutions.

The Lawrence County Teachers Institute convened at Louisa, Ky., July 18, 1904, and the following resolutions were adopted.

1st. Resolved, that the call of this institute in regard to time and place is approved.

2nd. That we extend our thanks to the County Supt. H. W. Holbrook, for his wise choice in securing for us the efficient service of such an able instructor as S. A. Donahoe.

3rd. That we heartily approve the act of the last legislature in extending the public school term to six months and securing a uniform adoption of text books throughout the State.

4th. That the teachers of this Institute extend their thanks to Prof. Donahoe for the able manner in which he instructed the Institute and cheerfully recommend him as an able instructor.

5th. That we feel very grateful to Dr. Holbrook for his services as chaplain and his psychological lecture; also to the people of Louisa, for their hospitality during the Institute.

6th. That we extend our heartfelt thanks to J. J. Mann, for the able manner in which he has presided over the deliberations of the Institute as Vice President; also to the organizers and Secretary, for the promptness and efficiency of their work.

8th. That a copy be furnished to the BIG SANDY NEWS for publication.

[A paragraph in reference to Supt. Holbrook's trouble is omitted because of a protest made to us about the manner in which it is alleged to have been "railroaded" through, and a request to wait until the teachers who do not favor the expression may be heard from. We have no interest whatever in the matter, but no one side urges its publication and the other protests against it. We prefer to "hold it up"—Editor.]

INEZ.

John Stepp, while cutting grass on his farm 5 miles North east of here, fell on his blade, cutting his right arm, severing the ulnar artery at the junction of the lower and middle third.

Miss Hazel, the daughter of our townsman, L. Dempsey, who has been seriously ill with typhoid fever for some time, we are glad to learn, is somewhat improved.

Emma, the 16 year old daughter of Samuel Patrick, a west end farmer, happened to a very bad accident Tuesday evening. While bringing a mowing machine from the opposite side of the fence and in attempting to cross, her clothing became caught, throwing her on the blade, cutting both feet from toe to heel. She is in a serious condition.

Banner Skaggs, 12, Jack Adams, 10 years of age respectively, living at White-house just across the line in Johnson county, were brought to this place last Sunday and tried in Judge Hensley's court. They were charged with destroying a saw mill belonging to Rev. George Estepp. Skaggs and Jack Adams were given ten days each in the county jail, and John was sent home on account of his tender age. They also forced an entrance into the C. & O. depot at White-house and stole nine quarts of whiskey. They were taken to Palatka and released because it was their first offense. These boys are to be pitied, as they are corpulent.

From Prof. C. C. Hill.

I wish to say to the people of Louisa that I am keenly sensitive to the honor placed on me by their recently expressed wish that I return and resume my former place in their school. It is a great responsibility, but with the help which the sympathy of the community will give, and with the cooperation of teachers, I am sure their hopes as to the school will not be disappointed.

I have earnestly desired that I might be instrumental in establishing a school at Louisa that would make the place the educational center for Lawrence and adjoining counties. I speak of real education—that training which fits young people for a proper discharge of the arduous duties of life, and not merely normal drill with a teacher's certificate as the only object. Pupils in the normal drill classes are often led to believe that the obtaining of a certificate is the all-important object of school life, regardless of the educational fitness of the person who receives it, or the means by which it is obtained. Now, of course, the real object of education is the broadening of one's so developing the intellectual powers as to enable him to meet successfully the duties and responsibilities of life, whether they be those that are found in the school room or in any one of the other numerous channels of human activity.

In returning to Louisa I shall make no promises impossible of achievement; but the establishment of a most efficient school, with the highest of ideals, is not an impossibility, and with the harmonious cooperation of the people I see no reason why we should not have fifty or one hundred boarding pupils receiving instruction in the higher branches just as soon as we are able to take care of them.

C. C. Hill.

Louisville, Ky., July 25, 1904.

A runaway team of horses caused much excitement Tuesday afternoon. It belonged to John Fortnutt, of Haysville, and was standing near the freight depot when the horses became frightened. Current's boy, a lad ten or twelve years old, was in the wagon and got upon the tongue to arrange the harness. It is thought this scared the horses, for they immediately dashed off at full speed. The boy clung to the wagon until it struck the corner of Marion Hamron's stable. The impact threw him off and in falling a bad gash was cut over his left eye. The horses kept on until stopped quite a distance up town. Dr. Marcin dressed the boy's hurt.

Last Monday night nearly sixty young people of both sexes went to Walbridge by train and returned by boat. This sounds like the King of France marched up the hill and then marched down again, but His Majesty had no such fun in his marching up and down as these folks had. They had moonlight, music, love, and lots of "goodies" besides. It was a beautiful night and the youngsters and the chaperones had a beautiful time.

An item that was overlooked last week was the fact that D. J. Huchett, Jr., has secured the warehouse located at the corner of Madison and Jefferson streets and will use it for a feed business. He was for a long time manager for the Louisa Milling Company, and is well versed in this line. The new firm began doing business last Monday. Both the wholesale and retail trade will be looked after.

The war was carried into Africa last Saturday night. Anyway, that's the way it looked to Dr. Bromley when he went to Roxley's camp at Powder Mill. Two or three negroes had been shot, cut, carved, stabbed, hewn and otherwise massacred, and another was perforated while he was there. No deaths to date. When the combatants learn to aim at the shin the undertaker will begin to do business.

The Board of Education held a meeting Tuesday evening and elected Mrs. Chas. Rice to the position of assistant which was left vacant at the former meeting. It was decided that the school should open on Sept. 5th. Prof. Hill will arrive here about Aug. 15th.

Sam Johnson is not climbing trees or playing base ball very much this week. An ugly piece of glass formed a conjunctive with Sam's left foot and the result has been an enforced confinement to bed and what Sam calls the "doctor's law."

Dan Blankenship met with a painful accident one day last week. While working with his men at tunnel siding he thrust a saw nearly through his hand. The injury required the services of the Company surgeon.

The new road machine has arrived and Supervisor W. V. Roberts has put it to work on the roads of the upper part of the county, starting from Louisa. John Quoon, a very efficient and conscientious operator, is running the machine.

The big strike of the butchers now "off" in Chicago and other packing centers doesn't seem to hurt Louisa a little bit. They got the best steak at ten cents a pound.

Marriage of Mrs. Mary Magruder.

The following deserved mention is from the Ashland Independent: The big family of Independent readers were treated to quite a surprise, last night, when they read of the marriage of Mrs. Mary Magruder, our valued correspondent at Catlettsburg, and Mr. Robert Taylor Connolly, of Atlanta, Ga.

This happy event came about, as told in yesterday's Independent, through "Auld acquaintance not forgot," but renewed, after a lapse of years, it culminated in a quiet wedding at the elegant home of the bride on Medley Hill, in North Catlettsburg.

The bride belongs to one of the oldest and best families in North-eastern Kentucky, and is herself an honor to the name. She is bright, witty, and talented in many lines, especially with pen and brush. Her art studio is admired by all who see it. She has been on the editorial staff of The Independent for some time, and her work speaks for itself. Suffice it to say the management regrets exceedingly to lose her services.

Mr. Connolly is a typical Southern gentleman, being both financier and farmer, possessing two valuable farms and a handsome city residence. We are glad to know that Mr. and Mrs. Connolly will reside here in the summer time, spending only the winters in the Southland.

We join their hosts of friends in extending congratulations.

ANOTHER CASE OF ROBBERY.

We can lock our windows, ring the electric bell, and bar our doors against the midnight robber, but when it comes to a rolled, courteous, Southern gentleman—and a Georgia gentleman at that—stealing into our community and carrying off one of our most gifted ladies, in the person of Mrs. Mary Magruder, it is time to call a halt, and ask ourselves the question, "What are we coming to?"

Such a calamity occurred last Sunday evening, on Medley Hill, Rev. W. H. Vaughan officiating.

Mrs. Magruder is the eldest daughter of the late Rev. John Fletcher Medley, one of the leading ministers in the Western Virginia Conference. He represented the Western Virginia Conference in the General Conference, which convened in Atlanta the year the Woman's Boards of Foreign Missions held their birth; and was also a prominent man on the floor of the General Conference during its session in New Orleans, some twenty-five years ago. We commend Mrs. Magruder Connolly to the Methodist women of North Georgia—than whom there is no nobler class in the world (outside of Kentucky)—as a Southern Methodist, in all that the words "woman, an earnest Home Mission woman, and a good church worker in general; a woman of superior intellect, reported wit, and energy.

We congratulate Mr. Connolly. Another just such a woman would be hard to find—the quintessence of her father, J. F. Medley.

OLD FRIEND.

Reception.

First in point of beauty, seasonableness and enjoyment was the delightful reception given last Friday evening by Mrs. Mary Burns Horton. An ideal hostess; an ideal night; refreshments the most exquisite, and guests from among the best and most cultured,—here was a combination which was irresistible. The beautiful Hays place was bathed in the mellow light of myriads of Chinese lanterns.

Inside the spacious rooms and on the wide verandas were scores of handsome women and pretty girls in regulation attire, and for them the more somber garb of dozens of men formed an appropriate background. Flowers exhaled their exquisite aroma everywhere, and "music with its voluptuous swell" pulsed on the balmy summer air. And this music was not of the cheaper sort, either. Songs by those who could sing and piano solos by women who could play delighted the guests, and a talented young lad from Cincinnati, Master Courtlandt Dalton, also rendered several piano pieces very well indeed.

In the wide hall was a pretty table, and on that table was a crystal bowl, and in said bowl was an icy concoction of, well, it's hard to say what. Let's call it the true Ambrosia—the drink of the gods. This was dispensed with unstinted hand, and was but the first course, so to speak, of what came after. This was such ices and such cake as have made Mrs. Horton famous, and she was certainly herself in the preparation of these delicious appeals to the inner man—and woman. All in all it was a most delightful occasion, one long to be remembered by all who were so fortunate as to be present.

The out-of-town people there were Miss Mayme Wellman, Catlettsburg; Mrs. Garrett Nash, Chicago; Miss Emma Johnson, Ironton; Mrs. and Miss Arnold, Columbus; Mrs. and Miss Ferris, Lawrenceburg, Ind.; Miss Ginnell, Washington; Mrs. A. M. Campbell, Richmond; Miss Lucy Holdorby, Huntington; Mr. Courtlandt Dalton, Cincinnati.

but Ashland and Catlettsburg as well. The "Mules" are all right—Ashland Independent.

Capt. S. S. Bassler, Uncle Sam's weather observer at Cincinnati, was here last week on business. In addition to forecasting the weather, Captain Bassler has the additional duty of keeping Cincinnati and other people of his district posted on the condition of the Ohio and its tributaries, through telegraph reports along these streams. He had been up on Big Sandy the past week and established one or two stations, the principal one being at Pikeville. He also established a station at Farmers on the Licking river.—Ashland Independent.

At Salyersville John Adams is building a residence in the west part of town. The residence of Glenn Soblett, one of the best in town, was entirely destroyed by fire one night last week. It was undoubtedly the work of an incendiary, as the family had been away from home for several days. \$800 insurance. . . . The home of Thomas Rice, near tyton, was burned, with all its contents. No insurance. Loss \$1,000. . . . Frank Parker's home, on Rockhouse fork, was destroyed by fire while the family were at church. . . . Mrs. Brack Borders died Sunday morning at her home on Lick creek of consumption, aged 30 years.

The mortgage of the Norfolk & Western Railway Company to the Guaranty Trust Company of New York was left for record with the County Recorder yesterday. The mortgage is given to secure a bond issue of \$35,000,000, bearing interest at 4 per cent. per annum, which is payable semi-annually. The mort-

Catlettsburg is in trouble. The ministers of that city are out in a singed statement denouncing the police authorities for permitting all kinds of gambling during the street fair. The police judge and city attorney are knocked hard and accused of letting the gamblers have their way. Two of the policemen are now under investigation on a charge of gambling. The council, however, is at the head of this investigation. Jailer John Kayser, of Boyd county, is a bankrupt on account of unlucky games he played in at Catlettsburg. It is said he lost \$2,000 of the long green plaything with the sheriff, deputy sheriff, county attorney and prominent business men of Catlettsburg and Ashland. Mr. Kayser was willing to lose the money but refused to swear falsely and when called before the recent grand jury he made 81 indictments. It is quite natural that the gamblers should cause Mr. Kayser.—Paintsville Herald.

Blackberries are coming in plenty but the price is still higher than it was a year or two ago. They are hardly fully ripe, and if the welcome rain comes they will be more plentiful and much better next week.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, dispirits and lessens ambition; beauty, vigor and cheerfulness disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child grows up, the kidneys are out of order, the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. The unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling how to keep the kidneys in good condition. Write to the thousands of testimonials received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Resolutions of Respect.

Adopted by the North Jolice Lodge, No. 329, I. O. O. F., at Bertha, Ky.

Whereas, It has been the pleasure of the Supreme Architect of the universe, in his all-wise Providence, to take from us on July 13, 1901, our dear and beloved brother, S. P. Adkins, thereby severing another link in the fraternal chain, and whereas, in the walks of men he was as a rock, and in the family circle no less distinguished, and his influence and exemplary life during his eventful career in Lodge, home, and country, will roll on and on until it will wash the shores of Eternity; be it, therefore:

Resolved, That the sudden removal of such a life from our midst leaves a vacancy and a shadow that will be deeply realized by all the members and friends of the Lodge.

Resolved, That with sympathy for the bereaved wife and children in their sad loss and bereavement to which only Almighty God can reconcile and console them and give them grace to overcome the great calamity that has so suddenly befallen them in the loss of a kind, true and devoted husband and affectionate father. We express our hope that even so great a loss to us may be directed for good by him that doth all things well.

Resolved, That a copy of these resolutions be spread upon the records of the Lodge and one sent for publication and one furnished the bereaved family.

It is pleasant, palatable and strengthening.

Kentucky Coal's Future.

Louisville will probably send a large delegation to the next annual convention of the Ohio Valley Improvement Association, which will be held at Huntington, W. Va., November 16, 17 and 18, John L. Vance, President of the association, was in Louisville and is making a tour through the Ohio valley in the interest of the representation of the lower river country at the annual convention. Mr. Vance is a firm believer in the influence of the fifth annual coal on the development of Kentucky's natural resources, and said at the Commercial Club that Kentucky will supply the Pacific seaboard with coal as soon as the canal is completed and the Ohio river has year-round navigation.

The Ohio Valley Improvement Association is in its tenth year, and has done great work in building up the country tributary to the river by improving navigation in the Ohio and its feeders.

Capt. J. H. Owens died at Catlettsburg a few days ago. He was well known all along the Big Sandy river, having been a steamboatman for many years. Mr. Owens was born in the year 1826, in Pike county, of which county he was at one time sheriff. He moved to Catlettsburg shortly after the Civil War, and had always been an honored citizen.

SEIZURE OF SHIPS.

Belief is Strengthening That Russia Seeks to Affront America, England and Germany.

ARE AFTER AMERICAN VESSELS.

She Hopes by This to Find an Avenue to Gracefully Retire From a Disastrous War.

The Wisdom of Destroying Neutral Prizes Without Trial Unless the Object is To Involve Other Powers is Questioned.

Yokohama, July 25.—The Vladivostok squadron Sunday sank the British steamer Knight Commander, from New York, off the Province of Izumi, after transferring the crew of the Knight Commander to the steamer Tsuru, which arrived here Monday morning. The Vladivostok squadron also captured a German vessel believed to be the Arabia with 30,000 tons of flour and an unknown British steamer. The two vessels were sent to Vladivostok in charge of prize crews. The American Trading Co. are the agents here for the Knight Commander.

Port Said, July 25.—Admiral received here today that the Russian volunteer fleet steamer Smolensk fired three blank shots across the bows of the British steamer Arabia, the cargo of which consisted of coal and explosives, and the vessel not stopping, the Smolensk sent two loaded shots at her, one of them passing over her amidships and the other over her stern. The Arabia was then seized and her crew transferred to the Smolensk. The vessel will be brought to Suva.

Suez, July 26.—The British steamer Arabia, which was seized by the Russian volunteer fleet steamer Smolensk, has been released, and her prize crew has been landed.

Tokio, July 26.—The acts of the Vladivostok squadron, in the Pacific, and of the volunteer fleet in the Red Sea, strengthen the belief here that Russia is deliberately seeking to affront America, England and Germany in the hope of finding an avenue for gracefully retiring from a disastrous war. There is an argument over the right of Russia to seize neutral vessels carrying actual contraband of war, but the wisdom of destroying neutral prizes without trial unless the object is to involve other powers, is generally questioned. It is believed in America that Russia is demanding a limitation to articles reasonably contraband in order to protect her large Oriental commercial interests. It is expected that Great Britain will protest against the sinking of the Knight Commander and demand trial for seized British steamers and that Germany will make a second and more vigorous protest.

The Vladivostok warships are hovering about the course of the steamer from San Francisco, probably with the hope of overhauling the liner Korea. Warning, however, has been given to the Korea and she has a chance of eluding the Russians. There will probably be other seizures and whatever the determination of the legal questions involved, whatever diplomatic action may be taken, it is confidently believed here that the seizure will create a feeling of intense irritation and unfriendliness against Russia in America, England and Germany.

Japan is anxious to localize the combat and avoid involving other powers, but views with unfriendliness the acts of aggression against friendly neutrals and the violence disadvantageous to herself. In the latter connection Japan regards the affair of the passage of the volunteer fleet through the Dardanelles as of more importance than the acts of the vessels subsequent to this passage.

TWO DAYS' BATTLE.

Russians Are Compelled to Evacuate New-Chwang.

Tokio, July 23.—Gen. Kuroki, after a severe fight, occupied Kiao-Tung on July 19. The place had been fortified by the Russians, who defended it stoutly. In the fighting Gen. Kuroki's troops drove the Russians from their strongly fortified position on the Chi river, which is northwest of Moton Pass and east of An-Tung, inflicting upon the enemy more serious losses than they claimed themselves. The fight began on the 18th and ended on the 19th. The Japanese lost 125 men in killed and wounded. The Russian losses are estimated at 1,000.

Tien-Tai, July 25.—In accordance with orders issued by Gen. Kuropatkin, the Russians commenced to evacuate New-Chwang Sunday. Monday morning the Russian railway station was in flames. The Russians are evidently destroying their property previous to evacuation.

London, July 26.—War news in the newspapers Tuesday morning is most scant, but it is reported that the Russians have suffered a serious check in the vicinity of Tachekiao. The Daily Telegraph's Liao Yang correspondent, telegraphing Sunday, reports that Tachekiao was definitely evacuated after a severe engagement which was intended to retard a Japanese flank movement on Liao Yang, but the dispatch does not give the place of the battle or the date.

Three trainmen were killed by the derailment of an engine on the Southern railway near Franklin, Va.

Safeguard the Children.

Notwithstanding all that is done by boards of health and charity in child care, the death rate among small children is very high during the hot weather of the summer months in the large cities. There is not probably any case of bowel complaint in a hundred, however, that could not be cured by the timely use of Chamberlain's Colic, Cholera and Diarrhoea. For sale by A. M. Hughes.

Antonio Domiblick, formerly a contractor on the Y. G., and later of the Big Sandy Branch of the N. & W., was killed near Wheeling. From the word received the unfortunate man was riding on a work cart and in some way fell off and landed under the wheel of the vehicle. The cart was loaded with debris from the quarry near by, and the weight of the load was such that it crushed him internally in a terrible manner.

HOW TO WIN A HUSBAND.

Woman's sphere in this century is not limited any more than man's. She can occupy almost any business position or profession, and yet the popular view of womanhood is that she best fits the position of wife and mother and head of the household. Every girl should know her heart and also know that her womanly system is equal to the strain of marriage. If a girl is nervous and irritable her chances to one day be a true and loving wife to a man.

Cupid has no place in a girl's heart if she is nervous and irritable, feels dragged down, worn out for no reason that she can think of. The weak back, dizzy spells and black circles about the eyes are only symptoms. Go to the source of the trouble and correct the irregularity. Stop the drains on the womanly system and the other symptoms will disappear. This can be done easily and intelligently. So sure of it is the World's Dispensary Medical Association, the proprietors of Dr. Pierce's Favorite Prescription, that they offer \$500 reward for women who cannot be cured of leucorrhoea, female weakness, prostration, or falling of the womb. All they ask is a fair and reasonable trial of their means of cure.

"Your Favorite Prescription" cured me of leucorrhoea and inflammation from which I suffered for many years," writes Mrs. Delphina Wheaton, President Santa Barbara Lawn Tennis Club, Arlington Heights, near Chicago, Ill. "Health was completely broken down when I began its use and I was in dreadful pain most of the time, but ten bottles cured me."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

Money On One's Person.

The mistake of carrying too much money is a common one. Even good business men sometimes make it. There is no sense in any man's carrying more than a very small amount of cash. So perfect and so extensive has the modern banking system become that a man can get all over his own country and around the world on a few slips of paper that would be worthless to any body else but a bank and skillful of money and would be very dangerous for him. The best and safest place for one's roll is in the bank.

THE G. A. R. ENCAMPMENT.

There Will Be No Specific Rates East of Chicago.

Chicago, July 23.—Disappointed with the conditional rate propositions being put forth by the Central Passenger association line in connection with the G. A. R. encampment at Boston, the lines of the Western Passenger association have decided to fix no specific rates east of Chicago. This was determined upon at a meeting of the rate clerks of the association Friday, when it was decided to make the rates from all western territory to Boston on account of the encampment on the basis of one fare for the round trip to the west, plus the rate to the place of encampment.

A RUNAWAY TRACTION CAR.

One Man Was Killed and Seven Others Injured at Oil City, Pa.

Oil City, Pa., July 25.—One man was killed and seven other persons were injured by a runaway traction car on Spring street Sunday night. The car had 125 passengers aboard returning from camp meeting. When the car struck the grade it ran over the brick pavement 40 yards and stopped. James Ross left the car backwards and the entire back portion of his hand was mashed in and splinters of the bone were driven into the brain tissues.

Sherman Bristow Signed.

Terre Haute, Ind., July 25.—Sherman Bristow, 24, son of Fourth Assistant Postmaster General Bristow, was Monday night signed by John M. Hoe, one of this city, part owner of the Grand Rapids Central league team, as shortstop for the Grand Rapids team. Bristow has been playing baseball under the name of Sherman.

Chicago's Estimated Population.

Chicago, July 22.—The new city directory for Chicago has been given to the public. Based on the number of names, it gives Chicago a population for 1901 of 2,231,000. The directory of 1903 gave Chicago an estimated population of 2,231,000.

Elks Attend the Fair.

St. Louis, July 26.—Hundreds of the "Best People on Earth" have already arrived in St. Louis from the annual grand lodge at Cincinnati and will remain in St. Louis for a week, visiting the fair.

Death of Wilson Barrett.

London, July 23.—Wilson Barrett, the world-famous actor and dramatist, is dead. He made in his five successful visits to America, the principal ones being in 1856, 1858 and 1859. He was born in Essex.

Heir to the Throne Expected.

St. Petersburg, July 26.—The eyes of all Russia are now turned towards the Alexandria villa at Peterhof, where the court and royal family are assembled in anticipation of the pleasure of greeting no heir to the throne.

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equalled. Go Golobek of Colusa, Cal., writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Blisters and it's the greatest medicine on earth for this trouble. A few bottles all completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only one. Satisfaction guaranteed by A. M. Hughes, Druggist.

No False Claims.

The proprietors of Folio's Honey and Tar did not advertise this as a "cure cure for consumption." They do not claim it will cure this dread complaint in advanced cases, but do positively assert that it will cure in the earlier stages and never fails to give comfort and relief in the worst cases. Folio's Honey and Tar is without doubt the greatest throat and lung remedy, the most efficacious. Sold by Louisa Drug Co.

TRAIN STRUCK A TRACTION CAR.

Two Persons Instantly Killed and a Dozen Were Injured.

Indianapolis, Ind., July 26.—Two persons were killed and several injured in a collision between a traction car and a passenger train Sunday night. Four passenger train No. 15 and a westbound freight-train electric car at Washington and Missouri streets at 6:05 o'clock Monday night.

The locomotive struck the front of the electric car, throwing it a distance of 20 feet to the side. Its direction being almost reversed. The train was stopped within a few yards of Washington street, and the crew assisted in clearing the wreckage and caring for the injured.

An emergency call was sounded and the arrival of patrol wagons and ambulances, coupled with the fact that the street was at that hour being traversed by hundreds of people who were on their way home from work, caused a panic, which made it almost impossible to learn the number of dead or ascertain the extent of the injuries to many of the passengers who were rushing about seeking relatives or friends among the fellow passengers.

The cause of the accident is not clear. Conflicting stories are told by passengers and witnesses, several of whom say that the motorman applied the air brakes which failed to respond. Others claim that the conductor of the electric car failed to proceed ahead of the car for the purpose of seeing that the track was clear.

Within a few minutes after the injured had been hurried to the hospitals and the dead transferred to the morgue, officials reported that four were killed.

TRAIN LEFT THE RAILS.

Five Hundred Passengers Had a Miraculous Escape.

Wheeling, W. Va., July 25.—Five hundred passengers, most of them from Gratton and Fairmont, had an almost miraculous escape from death or serious injuries on the Baltimore & Ohio excursion train bound for Wheeling Sunday. At Wise's Crossing, near Littleton, the engine and tender and three coaches left the rails. The engine turned over on its side and the coaches tumbled from death or serious injuries on the Baltimore & Ohio excursion train bound for Wheeling Sunday.
